Mobles 114

ENG Mobles 114 editions, founded in 1973 is a producer specialising in contemporary furniture based in Barcelona. We foster creativity and design in interiors and architecture via a wide range of products that, as a whole, embody the aesthetic approach identified by the Mobles 114 brand. Our products are produced with extensive consideration and insight into the requirements involved in each proposal. This is precisely why we place our trust in furniture designers that can go beyond the creative process per se, investigating material development and pushing their role even further to become a solution, while always meeting the demands of quality and practicality with the aim of anticipating users' needs.

ESP Mobles 114 editions, fundada en 1973, es una empresa editora de mobiliario contemporáneo, con sede en Barcelona. Fomentamos la creatividad y el diseño en los espacios interiores y la arquitectura a través de tipologías diversas que, en conjunto, conforman una propuesta estética común, identificada con la marca Mobles 114. La edición de nuestros productos es el resultado de la reflexión y el conocimiento de las necesidades de cada propuesta; por esta razón, confiamos en los diseñadores para editar muebles que superen el proceso creativo y se adentren en el desarrollo material—que traspasen el papel para convertirlo en solución—, siempre al servicio de las exigencias de calidad y funcionalidad, avanzándose así a las necesidades del usuario.

In order to show company philosophy, focused on fun, furniture chosen has been contemporary in striking colours

ENG Interior designer Sílvia Alfaras was chosen to design the new outdoor space at Barcelona offices of international company King.com, creators of popular games for cellphones and networks like Candy Crush among others. 320 squared meters of the L-shaped terrace are a space where joy and work are wisely combined thanks to a contemporary furnishment. In order to show company philosophy, focused on fun, furniture chosen has been contemporary in striking colours, for instance Flod.

ESP La multinacional King.com en Barcelona, responsable de juegos para móviles y redes famosísima gracias al popular Candy Crush, dispone de una terraza en L de 320 metros cuadrados que responde a un espacio donde el ocio y el trabajo se combinan sabiamente con un mobiliario de diseño actual. Por ello, para plasmar la filosofía corporativa centrada en la diversión, destaca la elección de mobiliario de diseño de llamativos colores, entre los que se encuentran los taburetes Flod.
